PROFESSIONAL EXPENSE ALLOWANCE DETAILS APPROVED

Regulations concerning the new Professional Expense Allowance, which was announced in the June 11 issue of FOLIO and in various salary letters to academic staff, have been approved and an appropriate claim form designed. The detailed regulations and form will be distributed to all departments and all full-time academic staff members in mid-August.

In general the regulations provide for allowances of up to \$100 per year for certain specified professional expenses. The allowances will be available on a reimbursement basis to full-time academic staff having tenure or holding probationary appointments leading to tenure who are in receipt of at least 50 per cent of their salaries.

The program will be administered by the office of the Comptroller and further enquiries should be referred to that office after the details have been distributed.
